ENGLISH VERSION

**Idrofoglia Irrigation** was established in 1979 as a manufacturing company of irrigation machines, motor pumps and electric pumps using the 30 years' experience of its founders in the field of agricultural machineries. Today Idrofoglia is one of the most important industries of irrigation technologies for water and fluid movement and operates with a worldwide distribution network.

Thanks to its capacity to renew and update constantly the production, the company has exponentially increased its turnover. This result shows a greater appreciation and satisfaction of customers from all over the world. Idrofoglia expanded its product range with motor pumps and electric pumps for industrial and construction, with new business divisions: **Idrofoglia Dewatering, Water Treatment, Fire Fighting and Pressurization.**
